## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 8 remains rejected under 35 U.S.C. 102(b) as being anticipated by Gimmmler et al. (US PAT 5,652,010). The reference and rejection are incorporated as cited in a previous Office action.

Applicant's arguments filed February 12, 2003, have been fully considered but they are not persuasive. Applicant's arguments are directed to the *process* of making the modified nixtamalized corn, and do not appear to address the properties of the resultant product. Regardless of the sequence of steps performed, i.e. contacting the corn with the protease/reducing agent either prior to nixtamalisation or after, the resultant product would be expected to be the same, absent any clear and convincing evidence and/or arguments to the contrary.

### *Conclusion*

Pending claims 1-2, 4-7, 9 and 13-16 are allowable. Cancellation of claim 8 would result in the application being allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
